

Summer dance holiday[®] 2010 with Stefan & Bogdan Vaglarov and

Come and visit Bulgaria in the Koprivshtica festival year!

This time our hosts from SEMA will be occupied with arranging an exciting cultural and tour program for you!

We are offering memorable holiday tour to some of the best places in our beautiful country.

We will be working hard so you can see not only well-known routes but also something new!

As always the accent is on the folklore and on the Bulgarian traditions, culture and food! You will learn some new dances selected from Stefan and Bogie at the very same Koprivshtica festival held in 2000 and 2005.

We will repeat many of the most loved dances taught by Stefan throughout the years! This will be most likely the last active seminar for Stefan and Grisha!

You will be able to see the Sabor, dance with some of the participants, and meet folk groups and local people at various occasions.

We are waiting to hear from you!
